From *inspiration* to realization

**Inspire your clients with ready-made ideas
for promotional gift sets.**

*Gift sets
your clients
will love.*

This catalog was created with advertising agencies in mind – those looking for proven, practical, and visually appealing solutions for their clients. Instead of browsing through hundreds of products, just choose a ready-to-go set or treat our ideas as a starting point for creating your own coherent composition.

Each set is more than just a collection of products – it's a story, an emotion, and a specific context where your brand can make a lasting impression.

Our offer gives you full flexibility: personalization, color choices, branding options, and budget adjustments – so every set can be tailored exactly to your client's needs.

Marking Techniques

All markings presented on the products in this catalogue are shown only for the displaying marking possibilities and informational purpose.

LASER ENGRAVING

symbol: G0, G1, G2, G3, G4, G5

ADVANTAGES:

- + Durability, precision and high repeatability of marking
- + Resistance to abrasion
- + Favourable price
- + Possibility of personalisation without high costs
- + Possibility of full-circle marking on selected pens, mugs, thermos flasks

DISADVANTAGES:

- No choice of marking colour

We carry out engraving on products made of the following materials: metal, wood, glass, felt, leather, paper, plastic

PAD PRINTING

symbol: N0, N1, N2, N3, N4

ADVANTAGES:

- + Ideal for printing on plastic surfaces
- + Precise reproduction of the design
- + Multi-colour printing possible at a favourable price
- + High resistance to mechanical damage

DISADVANTAGES:

- Limited printing area to the size of the pad used
- No possibility of using tonal transitions
- On dark products it is difficult to obtain good colour coverage
- Not possible on tall products due to machine design

We perform pad printing on products made of the following materials: plastic, paper, wood, glass, metal.

SCREEN PRINTING

symbol: S0, S1, S2

ADVANTAGES:

- + Large marking area at relatively low cost
- + Precise reproduction of the design
- + Resistance to mechanical damage

DISADVANTAGES:

- Marking only on flat surfaces

We perform screen printing on products made of the following materials: polyester, cotton, plastic, paper, wood, leather

SCREEN PRINTING HEAT TRANSFER

symbol: F1, F2

ADVANTAGES:

- + Great ability to reproduce edges and small features
- + Precision and aesthetics of the print

DISADVANTAGES:

- Only heat-resistant products (100-150°C) can be labelled

We perform screen printing thermal transfer on products made of the following materials: polyester, cotton, plastics, paper, wood, leather, jute.

DTF

symbol: C1, C2, C3

ADVANTAGES:

- + The print is made immediately as „fullcolour“
- + Photographic reproduction of the printed image
- + Economical price for small runs
- + Possibility of using tonal transitions
- + High print resistance to mechanical damage
- + Large marking area.

DISADVANTAGES:

- Marking only possible on products resistant to high temperatures (100-150°C)

We make DTF on products made of the following materials: polyester, cotton, plastic, paper, wood, leather, jute.

UV PRINTING

symbol: U0, U1, U2

ADVANTAGES:

- + Full-colour print
- + Photographic reproduction of the printed image
- + Possibility of using tonal transitions
- + Can be personalised without major costs

DISADVANTAGES:

- Print quality is dependent on the quality of the uploaded files

We perform UV printing on products made of the following materials: plastic, paper, wood, glass, metal

UV PRINTING UV360°

symbol: U3, U4

ADVANTAGES:

- + Impressive full-colour signage
- + Photographic reproduction of the printed image
- + Tonal gradations possible
- + Exact reproduction of printed details

DISADVANTAGES:

- Print quality is dependent on the quality of the uploaded files

We perform UV printing on products made of the following materials: plastics, glass, metal.

SUBLIMATION

symbol: B1, B2

ADVANTAGES:

- + The print is made immediately as „full-colour“
- + Photographic reproduction of the printed image
- + Economical price for small runs
- + Possibility of using tonal transitions
- + In use, the print will not crack, wash or fade

DISADVANTAGES:

- Printing is only possible on white fabrics with a polyester content (the higher the polyester content, the more vivid the colours)

Sublimation is performed on products made of the following materials: white polyester, sublimation-coated metal.

EMBOSSING

symbol: T1, T2

ADVANTAGES:

- + Durable and elegant decoration
- + Good graphic reproduction
- + The embossing plate can be reused many times on many products

DISADVANTAGES:

- Need to make the die the first time
- Limited application due to material requirements
- Marking colours dependent on film colour

We perform embossing on products made of the following materials: leather, PU leather-like, veneers of various plastics.

DOMING

symbol: D1, D2, D3

ADVANTAGES:

- + High resistance to damage and colour fading
- + Clear and deep colours
- + Convex effect

DISADVANTAGES:

- Very good adhesion only on flat surfaces

We perform doming on products made of the following materials: plastic, paper, wood, glass, metal, leather.

EMBROIDERY

symbol: H
